Policy for use of photographs and video recordings of children, young people and adults at risk of abuse

St Nicholas Church, Winsley

Christ Church, Bradford on Avon

St James Church, South Wraxall

St Peter's Church, Monkton Farleigh

Guidelines:

- The use of images is governed by the requirements of the Data Protection Act 1998. This states that a person (parent or carer) must have given explicit permission before any personal details can be published – including via the internet. Personal details include names, addresses, phone numbers, photographs, email addresses and even photographs of people's houses.
- Diocesan responsibilities for safeguarding and the protection of children, young people and adults who may be at risk of abuse (adult at risk) require that an assessment is made about whether publishing a photograph or video recording in any format might pose a risk to a child, young person or vulnerable adult.

Good practice guidelines for photography or video recording at church events

- Use the attached consent form (see below) as a matter of course for all groups and events at the same time as you collect contact details, permission slips or registration forms.
- If it is impractical to ask all people at an event to sign a consent form (perhaps at a Crib or Harvest festival), put the Notice about Photographs or Video Recording (see below) in prominent places or in the event programme and make sure official photographers and video recorders are aware of these guidelines. You may also want to read the text of the Notice out in any notices by the minister.
- Do not photograph or video record any child, young person or adult at risk who has asked not to be photographed or who is under court order (where it is known).
- All children, young people or adults at risk must be appropriately dressed when photographed or video recorded.
- All people taking photographs or video recording footage for official use at the event should register with the event organiser.
- All concerns regarding inappropriate behaviour or intrusive photography or video recording should be reported to the event organiser.
- At large events set up photo or video recording opportunities at the end. This allows the performance to go ahead with limited interruption, and allows any child, young person or adult at risk to take part in the event but not to be photographed or video recorded.

Guidance on the use of photographic material in the parish, including the internet

Diocesan churches and organisations creating their own website are encouraged to observe the safeguarding guidelines below and to regularly review the pages of their site so that it remains up to date, effective and safe.

Guidelines:

- Photographs and video recordings are 'personal data' as far as data protection legislation is concerned and must be used responsibly.
- Obtain consent as above from parents, guardians or carers before using photographs or video recordings of children, young people or adults at risk on a website.
- Children, young people or adults at risk should not be identified by name or other personal details. These details include e-mail or postal addresses and telephone numbers.
- Ensure that the image files are appropriately named – do not use names in image filenames or Alt tags.
- Only use images of children, young person or adults at risk in suitable dress.
- The use of inappropriate images should be reported through the standard procedures (statutory authorities and Diocesan Safeguarding Adviser) to reduce the risks to children, young people or vulnerable adults.

We at(name of church) we take the issue of safeguarding very seriously, and this includes the use of images of children, young people and vulnerable adults. We occasionally include images of children, young people and vulnerable adults in publications and on our website, but we have a duty of care which means that children, young people and vulnerable adults must remain unidentifiable, reducing the risk of inappropriate contact.

We ask that parents, guardians or carers consent to the church taking and using photographs or recorded images of children, young people or vulnerable adult. Any use of images at(name of church) is underpinned by our Safeguarding Policy. The full name of a child, young person or vulnerable adult should never be included alongside an image.
